

Dear My Father's World Family,

Natural disasters can cause unexpected catastrophic damage. Families in the My Father's World community often need assistance during these trying times. As we have helped those affected by hurricanes, fires, and floods in the past, our customers have asked how they can help too.

We are collecting gently used My Father's World curriculum sets for those impacted by the unexpected. We will then create complete, fully refreshed replacement curriculum sets with upgraded books and new student materials for those in need.

Here's how you can help.

1. Gather your gently used My Father's World curriculum.
2. Print out this page.
3. Place the top half of the PRINT OUT in the top of the box you are returning so we know it is a DONATION.
4. Use the bottom section of the PRINTOUT to address the box.
5. Ship the DONATION to one of the locations listed here.
